## ELECTRIC HOT TOP

GN1/1 size

Stylish plug-in hot top to display and serve hot food.

**HOT TILES ARE INNOVATIVE TILED INSERTS THAT DROP IN A BAIN MARIE WELL TO CREATE A COLOURFUL PLATFORM FOR FOOD DISPLAY. HOT TRAYS DO THE SAME FOR SOLID TOP COUNTERS.**

The Hot Tiles are available in hard wearing ceramic, slate and thermally toughened glass. Food can be displayed in dishes which are then placed directly on the Tile surface.

The Tiles are slim-line, backed with 18-gauge stainless steel with six rounded feet on the base to keep them in position.

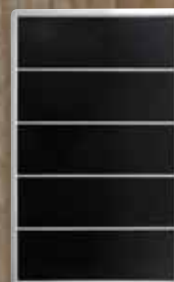

The new wood Tile is also available as a tray for a solid top counter and comes with a high heat silicone mat to stop it moving around.

Primeware's dishes are designed to complement the Hot Tiles and Electric Hot Tops to achieve a unified stylish look.
